LEADERSHIP & FINANCIAL STEWARDSHIP

Leading with Integrity, Delivering Results

Harif Fadhillah is known for his commitment to ethical leadership and strong advocacy for accountability in both organizational and financial contexts. His leadership style emphasizes integrity, collaboration, and the empowerment of others—especially within professional associations and healthcare organizations.

In terms of financial stewardship, he promotes transparent budgeting, responsible fund management, and aligning financial practices with organizational values and goals. He encourages leaders to be not just decision-makers but also stewards of resources, ensuring sustainability and long term impact.

National Consensus of
INNA-2021 in Bali

- **Successfully served two terms as INNA President (2015- 2021), expanding its influence.**
- **Built INNA's financial independence, ensuring long-term sustainability.**
- **Pioneered digital transformation to improve efficiency and transparency.**
