

Rachelle Landry, MBA, BSN, RN, FACHE, LSSGB, CLHP

Vice President – Clinical Transformation, BD

Rachelle Landry is a Clinical and Business Executive with over 25+ years of experience excelling in leadership, problem-solving, and team management. In her role, she leads initiatives focused on customer needs, works to build partnerships, and supports clinical relevance within health systems.

Specializing in nurse-driven initiatives and enterprise solutions, Rachelle revolutionizes patient care through process standardization and successful activations. Her ability to scale processes efficiently delivers measurable clinical, financial, and operational value.

Rachelle has a Bachelor of Science in Nursing (BSN) from the University of Louisiana and a Master of Business Administration (MBA) from Louisiana State University. She is board certified in healthcare management as a Fellow of the American College of Healthcare Executives (FACHE), Certified Lean Healthcare Professional (CLHP) and has her Lean Six Sigma Green Belt (LSSGB). Recognized as a 2024 HIMSS Most Influential Woman in Health IT, she also co-founded the BD Nurse Network Associate Resource Group, uniting nearly 700 members across 35 countries. Beyond her professional achievements, Rachelle remains deeply involved in nursing and healthcare organizations, continuously working to advance the industry and shape its future.
