Emotional and Spiritual Well Being and Resilience of  
Advanced Practice Nurses globally during the COVID-19 Crisis**

## **REQUEST FOR STUDY PARTICIPANTS**

### **Who is conducting this study and what is it about?**

This study was developed by a group of researchers from the ICN Nurse Practitioner/Advanced Practice Nurse (ICN NP/APN) Network. We are interested in your experiences professionally and personally during the COVID-19 crisis.

### **Who can participate in this study?**

Participants must meet the following criteria:

1. Be an Advanced Practice Nurse (NP/CNS). For example, you may be working clinically, in education, research, policy-making or other related NP/APN work.
2. Be able to read and write in English.
3. Have access to an Internet connection.

### **What are participants asked to do?**

Participants are invited to complete a short questionnaire, which should take 15 minutes of your time. There is an optional opportunity to share additional experiences as a case study.

### **Why would participants want to complete this study?**

Participation will help provide much needed information to understand the impact that COVID 19 has on Advanced Practice Nurses. Participation is voluntary, confidential, and has no foreseeable risk or harm.
