Dear Dr Cipriano

RE: protection and safety of nurses and all health workers in Ukraine

On behalf of the Australian College of Nursing (ACN), we would like to extend our deepest sorrow for the Ukrainian people, especially for the nurses and healthcare workers currently facing the unthinkable attacks towards their homeland and freedom.

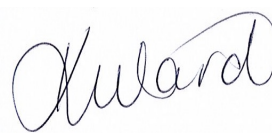

We stand in solidarity with you as the global representative of our noble profession and offer our assistance in any way we can to show our colleague's support.

We would appreciate if our concerns and support be passed on to all those involved in this crisis and hope for nothing more than peace to be restored.

Yours sincerely
